SunPORTTM

Relief from the Heat is NO Sweat!

SunPORT offers you a top of the line product with quality and reliability designed into every inch of its solid 2" square steel frame and sturdy net polyethylene shade cloth cover. WeatherPORT knows you don't have the time or money to replace your equipment after a tough season; that is why every SunPORT is built for the long haul. We know because we have been listening to your needs for over 35 years.

- Polyethylene Net Cover
- Web Tension System
- UV Stabilized
- 70% Shade Cloth
- 10' Arch Spacing
- Individual Base Pads
- Earth Anchors
- Drilled for hanging basket rods

The SunPORT can also provide that cool shaded spot for potting, flower arrangement and gardening classes, for weddings and all the events held at your garden center.

Consider the possibilities!
